

THEY NEED NOT HAVE BEEN RUDE

location of Victoria Park gives it advantage of the level roads from centre of the city, with no ravine gorges. The land is all high and dry.

The latest survey of the Camrose city branch of the C. P. R. passes through Victoria Park. The location is good one for market gardening operations which are likely to increase with the completion of the level bridge across the Saskatchewan and the increased in the population of Strathcona and its vicinity.

MINISTERS ISSUE PEACE MANIFESTO

INTEREST IN GREY'S ANGLO-AMERICAN ARBITRATION SPEECH UNDIMINISHED.

London, March 15.—Sir Edward Grey's speech on Anglo-American arbitration continues to be discussed with undiminished vigor by the press and public. The Foreign Secretary will speak at the banquet of the International Arbitration League on Friday, when a number of ambassadors and other prominent guests may be expected to further develop his views on the subject.

The Times prints a manifesto signed by Roy, Robert, F. Horton, Rev. C. Riveter Horn, and other influential non-conformist ministers, warmly supporting Sir Edward Grey's separation for the conclusion of an arbitration treaty.

The manifesto says: "We believe the great work coming from the heart of mankind and uttered by the spirit of God has been spoken."

Radicals Endorse Proposal.

London, March 15.—At a meeting of the extreme political ministers, among whom are those opposed to a big navy program, resolutions were adopted expressing much satisfaction over Sir Edward Grey's utterances, and support of the arbitration suggestion of President Taft.

Washington, March 15.—The generally favorable trend of the comments of the English press on the suggestion of a broad arbitration treaty between America and Great Britain today, was officially reported to the state department by the United States embassy at London.

The dispatch stated that the important Government and opposition leaders of England were unanimous in expressing cordial approval of Sir Edward Grey's speech in the House of Commons on Monday, to the effect that the British Government would welcome an arbitration agreement with the United States.

12 MEN BURNED IN RUINS.

Walls of Building Destroyed By Fire Collapse.

Nashville, Tenn., March 15.—With the collapse of the walls of the Falls Hardware Company, which burned about ten days ago, about thirty men were buried under tons of brick, mortar and timber this morning. Twelve bodies have been removed, but it is believed that at least one more is buried in the ruins. Seventeen persons were more or less injured.

FILES CURBED IN 7 TO 14 DAYS.

PAZO GOVERNMENT is expected to pass any case of Pazo Bill, blocking or interfering with in 6 to 14 days or money refunded, etc.

Daily Store News Jacquard Silks.

THINK OF A SHEER
LUSTROUS TEXTURE

Not quite so sheer or delicate as silk-mull, yet finer in its weave, and more adaptable to quality than the richest Chinese or Japanese silk—and you'll understand at once the charm of this exquisitely delicate fabric called—Jacquard Silk.

You will find the Jacquard Silk in the delicate shades very pretty for evening gown, while in the rich darker colors you will find it an excellent material for those charming afternoon costume and street dresses which are being made this season. Exquisitely soft in texture and color, Jacquard silk will lend itself delightfully to any and all the newest fashions. It will be attractive whether gathered, pleated or tucked, and for young girls for their informal parties, Jacquard Silk is especially appropriate.

Jacquard Silks in dress ends, no two alike, at 4.50 to 10.00 a length of 12 yards

INVESTIGATE CHARGE AGAINST A MEMBER

Committee on Elections and Privileges. House of the Charge Made in House Against Adelard Lantot, Liberal, by P. E. Blomdin, Conservative.

Ottawa, March 14.—The hearing of the charge laid by P. E. Blomdin, M.P., against Adelard Lantot, was begun today before the privileges and elections committee. There was a large attendance of members. The charge is in brief, that Mr. Lantot got barrels of paint and other goods from the maritime department stores at St. John's, and with the paint government workmen painted his house inside and outside. They did this work during the time they should have been doing government duty.

Mr. Lantot admits that the work was done as indicated, but declares that he did not get it.

N. K. Laffamme, K.C., of Montreal, appeared for Mr. Lantot, and J. M. McDougall, K.C., of Halifax for Mr. Blomdin, assisted by Messrs. Doherty and Harcourt.

Produces the Cheque.

Mr. Laffamme produced a statement of account, rendered to Lantot by the department of marine, as well as a cheque for \$245 paid by him.

Mr. McDougall then asked that Mr. Lantot go on the stand as the first witness.

Mr. Lantot's counsel objected and Messrs. Devlin and Gordon supported the objection. Messrs. Crothers and Barker concluded that Mr. Lantot must go in to the witness box if asked.

The chairman ruled that this was so and Mr. Lantot went to the stand. Examination had scarcely begun when there arose a difficulty as to the language. The witness preferred to be questioned in French and half of the committee did not understand that language. Victor Gordon said that if Mr. Lantot did not know French "then let him get on."

Mr. Lantot: "I am not going to get on. He (Mr. Gordon) did not drive me out of a committee one, he will drive me out of this one."

Mr. Lantot moved that questions be put in English, then translated into French. This was voted down.

Lantot Tells His Story.

Mr. Lantot, under examination, said that he was building a house at St. John's and he was unable to get paint in St. John's or outside, applied to the maritime department for workmen. He also stated that a separate account be kept of any paint and material he might require. He made arrangements with Mr. "Chimagne and Mr. Paquet, two officials there, but he did not know who they were. He believed that the employees of the department were in his house from June until November.

Mr. Lantot retired and Georges Cartier, a contracting painter, was called.

He said he had asked Mr. Lantot for the job in November, 1909. Mr. Lantot refused, adding that he "would give it to anybody without seeing him."

He was in a position to do the work and valued it at \$550. He admitted complaining that the government was taking away work from the painters in St. John's.

Was Cross-Examined.

Cross-examined by Mr. Laffamme, he said he had painted Mr. Bartlett's house, which was a little larger, for \$150. He had seen ten men working at one time on Lantot's house. In reply to Mr. McDougall, he deposed that George Manion, Lantot's partner, had asked him for a valuation and told him to put it as low as possible. Manion had told him he said, that Lantot was in a bad way and asked him not to overcharge.

TO SUCCEED DR. SUNDERS.

C. C. James, of Toronto, May Be New Sept. of Experimental Farm.

Ottawa, March 15.—It is stated that the position of director of experimental farms to be vacated shortly by Dr. William Saunders, of Ottawa, will be offered to C. C. James, of Toronto, deputy minister of agriculture for Ontario. Mr. James is a Toronto expert in agricultural matters and has done good work for the Ontario Government.

STATE SENATE ENDORSES PACT.

Upper House of New Hampshire Approves Agreement Without Debate.

Concord, N.H., March 15.—The senate of the New Hampshire Legislature placed itself on record today in favor of the proposed Canadian reciprocity agreement, concurring with the recent endorsement of the measure in the House by a vote of 12 to 9. There was practically no debate.

Chicago Grain Market.

Chicago, March 15.—Wheat market today was active. The price of wheat for the winter crop was 10c higher than last week. The price of wheat for the spring crop was 10c higher than last week. The price of wheat for the summer crop was 10c higher than last week. The price of wheat for the autumn crop was 10c higher than last week. The price of wheat for the winter crop was 10c higher than last week. The price of wheat for the spring crop was 10c higher than last week. The price of wheat for the summer crop was 10c higher than last week. The price of wheat for the autumn crop was 10c higher than last week.

STRATHCONA NEWS

LOCALS.

As a result of the conviction of George Maguire, of the Windsor, and his bartender, Ralph Glasgow, who were fined \$25 and \$10 respectively yesterday before Inspector Worley at Edmonton, it is likely that information will be laid against several other Strathcona hotels.

If the ice holds at the Strathcona Curling Rink until Friday, St. Patrick's Day, it is likely that there will be a number of keenly contested games between Ireland's and Scotland's representatives.

Major Davies is in Calgary on civil business in connection with the contract for the new post office. The night service on the C. & N. will begin next Monday, the new train leaving at midnight for Strathcona. The time table will be the same as last summer.

As announced in the Bulletin several days ago the farm of A. E. Lamer known as Victoria Park was purchased by Edmonton parties for \$150 an acre. It now turns out that the purchasers were the Sterling & Co. Ltd. The property, situated at Strathcona on the south and is bound to increase in value very rapidly, having the advantage of good road and no ravines and every foot of the land has a view. The latest news is that the Calgary-Camrose branch of the C. N. will pass through Victoria Park, and the Pigeon Lake branch may be westward therefrom. The Sterling securing the purpose reserving income, building lots and plots for market gardening.

Mr. Burns is on the stand as the first witness. The location of the Burns building parking plant seems to be still a matter of some uncertainty. It was rumored last week that Mr. Burns had purchased a tract near the Swift Packing Plant, but this has not been confirmed. The Strathcona Police dealer has the following as to the proposed location.

The millionaire packer said there is now practically no doubt but that the Burns building will be located at Strathcona, although he could give no exact location. He said that an actual construction will be begun on the building. While Mr. Burns did not say that a great deal of construction of the plant, it is understood that it will be at least the same as the big institution of Swift across the river and will probably call for an initial expenditure of over one million dollars. It will readily be seen that the packing plant will be one of the most important and the largest industry, which has not been chosen the University city as a manufacturing location.

Mr. Burns said his choice of a site was determined by the excellent advantage of Strathcona as a shipping and distributing centre. The extension of southwestern lines of the C. N. E. together with the linking of him with unimpaired business connection with all the districts of the Saskatchewan, while the completion of the new bridge will afford the closest possible connection with Edmonton and the railway reaching north and west. The purchase of forty acres in the southern part of the city situated close to all the local railway lines operating or proposed, gives the best shipping advantages obtainable. Mr. Burns said arrangements are being made to move carry on their neighboring business in their present plant here.

That the stories of the great losses suffered by Southern Alberta cattlemen this winter are seriously overdrawn was the statement of Mr. Burns when questioned regarding conditions. He says there has been a certain loss of stock due to the deep snow but no more than is usual in the south where the average loss of stock is 3 to 6 per cent. each winter.

"As a traveller recently returned from Mexico, Mr. Burns is giving some interesting information concerning the revolution in progress throughout the northern part of the republic. Mr. Burns does not regard the situation as serious and said that Diaz will have no great trouble in quelling the uprising in time. He says travellers are experiencing no difficulty in going about Mexico when the proper precautions are observed. He says the revolution should not get in the least have a disastrous effect upon the marketing of Alberta's stock in Mexico.

C. F. T. Meets New Mark.

Winning, March 15.—A C. F. T. meeting today, making a new high mark of 231.2. The speaker was Mr. J. M. Lantot, giving the story of a new stock market. It would not be surprising to learn that there is, or has been, a very extensive stock market in the city. The speaker said that the stock market is a very important part of the city's life and that it is a very important part of the city's life.

London Money Market.

London, March 15.—Money was scarce in sympathy today. The stock market was active. The price of wheat for the winter crop was 10c higher than last week. The price of wheat for the spring crop was 10c higher than last week. The price of wheat for the summer crop was 10c higher than last week. The price of wheat for the autumn crop was 10c higher than last week.

Charged with Stealing S.A. Warrant.

London, March 15.—Charged with taking a South African law warrant, the property of Chas. Ryckman, of this city, J. A. Mundy, a well known broker in this city, Mr. Thomas and Toronto, was arrested this afternoon. Mundy, it is alleged, sold the warrant to some man for \$725. The arrest created a sensation here. Mundy is in the city with no bail yet granted.

C. N. B. Will Carry Baited Mail.

Brisford, March 15.—Arrangements have been made whereby the Canadian Northern Railway will carry mail from Canada from this point on alternate weekdays.

GREAT WESTWARD RUSH COMMENCES

THAILANDS OF SETTLERS' EXPECTS PASS WESTWARD THROUGH SASKATOON.

Saskatoon, March 15.—A whole train of baggage was loaded with settlers' effects arrived at Saskatoon on the C.P.R. today, and two other trains of the same line of freight are leaving Minneapolis today, bound chiefly for Keokuk and the Trans-Canada lake district. This, for the time of the year, creates a record for the line, and is an earnest of what may be expected this year, when the rush of settlers to the west promises to be so great that it will tax the utmost capacity of all organizations to deal with them.

1000 Immigrants Reach Toronto.
Toronto, March 15.—Between 200 and 300 immigrants came through Toronto this morning, the aftermath of the heavy traffic yesterday. A few stopped over, but the majority went westward.

"Every Tuesday in March and April we may expect a rush," said Superintendent Beck. "From what I can judge, the number of immigrants this year will be very large and will likely eclipse all former years."
Toronto, March 15.—Pronounced proof of the opening up of the northwest provinces by the construction programs of the transcontinental railways is shown in the announcement that this year the C.N.R. has opened the way for 25,000 immigrants. Of these 5,000 will be in the Jackson, Lake district, 5,000 in Athabasca, 5,000 between Saskatoon and Calgary, 5,000 in the Carrot River district, and the remainder in the Shellbrook district.

IS MILDLY SURPRISED.
Action Will Not Be Delayed by Diplomatic Lamentations.

Canadian Associated Press.
London, March 15.—The Daily Telegraph's St. Petersburg correspondence cables that the promise of Sir Edward Grey, foreign secretary, to enquire how far the interests of Canada fishermen will be impaired by the act of Russia in extending the territorial waters to the twelve mile limit, arouse mild surprise in St. Petersburg. The passage of the bill is a foregone conclusion which will be neither counteracted nor delayed by diplomatic lamentations.
Toloid, March 15.—Toloid Board of Trade and Toloid Local Union United Farmers association each separately have passed resolutions commending the reciprocity agreement practically unanimously, and a copy of the resolutions have been forwarded to J. M. Douglas, M.P., Ottawa.

DISTRICT NEWS

DAYLAND.

Bulletin News Service.
Mrs. Chris. Block has just returned from an extended visit in the States, going as far east as Ohio.
Mrs. Donald Nicholson has returned from Ontario, where she was called by illness and death of a sister.
Rev. N. E. Koth, president of the Presbyterian Ladies' College, Red Deer, presented the claims of that institution at Dayland and Strone on Sunday.

Three quarter sections of land near town have recently been bought by C. J. Mosler, for farmers who are coming from Iowa. The prices were from \$20 to \$25 per acre.
J. M. Crawford, of Moring, Iowa, is a new arrival here and is locating on C. P. R. land about twenty mile south. He says several of his neighbors are coming soon.
John E. Gaudet, of Peace River Crossing, was a visitor here last week, the guest of E. W. Day. While here he purchased a fine young Ayrshire bull from the herd of Mr. Day.

Wm. H. Miller and family, after spending several months with his brothers on their large farm, north of town, have returned to their own farm, near Carletonplace, taking with them a good supply of hay and other necessities.
The Dayland board of trade has decided to unite with the Central Alberta Development League, for public improvement, for the purpose of securing the C.N.R. line.

An entertainment was given last Thursday evening in St. Andrew's hall by a company of about twenty girls and ladies from the Hastings County settlement south of here, and their performance excitedly eclipsed any which we have had by professionals.
Geo. P. Smith, of Camrose, our representative in the Provincial Legislature, is offering a suitable trophy to the exhibitor to contain exhibits produced on a farm, and the farmer first winning the trophy twice to hold it permanently.
Dayland, March 15.

STONY PLAIN.

Bulletin News Service.
A number of young people from here went to Dan McKinnies place near Inga on Friday evening where the evening was pleasantly spent in dancing. All report having had a delightful time.
Miss Margaret Miller went to Edmonton last Saturday afternoon to report that Mr. McIntosh, provincial road inspector, will be out tomorrow on the east and west branches of the Little Stony river. These other lands which were conveyed legally to be about the most valuable lands in the interior, are owned by the business men of the town here and the settlers on the south side of the river. A launch is being built at the site mentioned.

Business is quite brisk in town today on account of the many farmers bringing in potatoes for which there are at present receiving 15 cents a bushel, quite a number of cartloads of potatoes have been shipped from here the past year mostly to the country towns, and here where there is a good market for them.
The Stony plain merchants have agreed amongst themselves to close their places of business at 6 o'clock on every day except Saturday on Saturday the stores will be open till 10 o'clock. This agreement takes effect on Monday, March 13. Owing to the very mild weather the last two days the roads are fast becoming dry and snow making it difficult to travel especially with a load.

Jacob Pittenbergh left on Saturday afternoon for Morrisville on a business trip.
Stony Plain, March 15th.

WINTER.

Bulletin News Service.
Harry Mackay has returned after spending the winter with his mother at Ottawa.
The influx of settlers has almost started. Quite a few who were out for the winter have returned and more are expected shortly. A number of new settlers are expected also this spring.
Mrs. C. C. Dougherty left last week to spend some time with her daughter Mrs. Wm. Becker, of Red Deer. She was accompanied by her sister, Miss Daley, also her children, Master Murray and Master Leslie and Laura.

The social club of Sanderville is intending opening their new hall by a dance on the 17th inst. Everyone welcome.
A C. Brown recently purchased a fine bay Cleveland mare and sold from W. W. Wilson, of Wheat Hill.
Mr. and Mrs. Glazier and son, infant son are expected to return to their ranch about the 15th inst.

It is understood most of the young people of White intend taking in the dance at Sanderville on the 17th.
All are sorry to learn that Jas. Boswell is ill in the hospital at Red Deer.
T. Daley, V.S., is at present on a visit to Red Deer, Edmonton and Camrose.
The Camrose horses, have sold two teams of horses lately. We understand the price is in the neighborhood of \$100 for each team.
White, March 15.

PATRICK'S LUMBER MILL SOLD.

Nelson, March 15.—For a consideration of a million dollars the Patrick Lumber Co., Ltd., yesterday conveyed to the British-Canadian Lumber, Corporation, with headquarters at Montreal, its mill at Crescent Valley and its 9,000 acre tract of white pine, spruce and cedar timber on the east and west branches of the Little Stony river. These other lands which were conveyed legally to be about the most valuable lands in the interior, are owned by the business men of the town here and the settlers on the south side of the river. A launch is being built at the site mentioned.

BOWDEN.

Bulletin News Service.
Bowden, March 15.—Bowden is one of the numerous healthy towns along the Calgary and Edmonton branch of the C. P. R. It is about one hundred and twenty-three miles south of Calgary and twenty-three miles north of Red Deer. As an indication of how the district is developing along the C. P. R. line it might be mentioned that Bowden is only eight miles south of Innisfail, and eleven miles north of Okla. So Bowden district is essentially a mixed farming district. The grain shipments are not a fair estimate of the crop since so much is fed on the farm and this manufactured into finished products. The shipments of 1910 crop are: 4,000 bushels oats, 3,000 bushels barley, 400 head of hogs were shipped in a year, about 225 head of calves, about 300 head Timothy hay at an average price of \$18 per ton; also 150 head of calves, worth about \$12 per ton; about 125 cartloads of cordwood and posts are shipped from Bowden in a year. The dairy business is divided among to the third of Calgary citizens. Each week: about 100 cartloads of cream and 200 gallons of milk are shipped to Calgary. The butter shipments would be about 1,000 lbs. per week. A resident well acquainted with the district, when asked about the average grain yields, quoted spring wheat at 35 bushels to the acre, oats at 40 bushels to the acre, with barley at from 25 to 30 bushels per acre. This is a good fair yield, considering the count of 1910.

Price-Winning Agriculture.
Bowden has a successful agricultural season. The annual fair will be held on October 3rd 1911. A good fair was held last year, with 500 entries. It was very demonstrative of the splendid mixed farming district surrounding Bowden. The officers were: President, F. Gillingham, secretary, H. E. Shoenfeld. In connection with the society a successful seed fair and standing grain competition were held under the auspices of the Agricultural Society. The Bowden turf club have a race track at the fair grounds.

At the second annual seed fair of the Bowden Agricultural society, held in February last, many fine exhibits of seed grain were shown. The prize-winners were: Wheat—J. W. Morris; Vining wheat, C. F. Ashmore; of Rose Hills; J. W. Morris; and W. Watson; oats, abundance; W. Watson; W. W. Chamberlain and E. Watson; corn, W. Wilson; W. Wilson; W. Wilson; and H. Taylor; two-rowed barley, W. Wilson and E. Watson.

At the oats seed fair Messrs. Wilson, Black and Hammen won many prizes, including first for fall wheat, first for oats, first for two-rowed barley, first for six-rowed barley, as well as several second and thirds.
Bowden exhibitors were also very

successful at the seed fair at Innisfail.

Population Three Hundred.

The village of Bowden has a population of about 300. The single tax system certainly proves satisfactory, and encourages the erection of good buildings on the townsite which comprises some 120 acres. There is a \$1250 debenture debt used for acquiring and equipping a cemetery. But the town is not by any means dead. The village councilors are J. Brewster, A. McLean, and E. W. Shoenfeld, with H. E. Shoenfeld as secretary-treasurer. Bowden has the following business places: Three general stores, two hardware stores, a jeweller, a furniture store, a confectionery store, a drug store, a doctor, a barber, two post offices, two libraries, a hotel, a licensed bar, no police, a butcher, two auto-mechanics, an implement agent, a notary public, three real estate agents, a lumber yard, two chopping mills, and the White Swan brewery.
The Union track have a branch in charge of R. J. Buchanan.

A Good School.

The trustees of Bowden village school district are R. W. Prouse, Wm. H. Wilson and R. W. Hutledge. H. E. Shoenfeld has been secretary-treasurer of the school for 17 years, and as a member in Alberta school matters. The four roomed brick and stone school cost \$1200 and was erected in 1905. At present there are two teachers, Principals A. H. Chamberlain, D.A., and Miss H. L. Cameron. There are 80 pupils in four standard (1 to 4). Two hundred volumes are in the school library. The school has a girls basketball club and a boys football club.

Bowden has local places, and a long distance telephone connection with the rest of the province.
Among the secret societies which have lodges here are the Masons, Odd-fellows, the Woodmen and the Grange Order.
Three churches are represented: Methodist, Rev. F. E. Davis, Presbyterian, Rev. W. N. Chambers; Church of England, Rev. McLean-Banning; Editor H. H. McKim, of the Bowden News reports a circulation of 1400 and is a never-shed and well patronized by advertisers.

Athletes Have Club Rooms.
Bowden differs from many of its neighbors in having an Amateur athletic association, a club from 40 to 50 which is heated and lighted and furnished with tables for card games, a 30-foot mat for wrestling, some boxing gloves and a punching bag. The athletic association expect to have in affiliation the football and other clubs of Bowden.

Old Land Marks.

Many old time stories of the Calgary and Edmonton trail refer to the Little Pine which was about three and a half miles south of the present townsite of Bowden. This was once a large solitary pine tree growing on what is now the farm of A. J. Brown. Not much is known of this old land mark, except that it was known for

WAS KILLED BY BLOW FROM FALLING TREE

Valentine Wright, Who Was Working at Smokey Lake, Ten Miles North-west of Fawn, Killed by Falling Tree on Monday.

Special to the Bulletin.

Fawn, March 15.—The body of a man, named Valentine Wright, was brought here this morning for burial from Smokey Lake, ten miles north-west of this place. The deceased had been engaged with a portable saw-mill gang in the woods and during the severe gale on Monday evening a tree fell, striking him on the forehead. Wright never regained consciousness and only lived three hours. He had only been in Canada some sixteen months and came from England, where a mother, still resides. Deceased was thirty-two years of age and unmarried.

Plague Appears in Trinidad.

Washington, March 15.—Plague has appeared at Port au Spain, Trinidad, according to a telegram received by the State department today, from American Consul Hale at that point.
Only one case of the disease has so far developed.

H. J. MONTGOMERY, ESQ. Ex-Mayor of Wetaskiwin.		H. J. HIGGS, ESQ. Investor.			

The above Company, known as the Hercules Rotary Engine Company Limited, was incorporated one year ago in Wetaskiwin, with the intention of taking over the inventor's, H. I. Call's patents in a certain engine. 400 shares of the treasury stock were sold for the purpose of erecting a demonstration plant, engine and workshop. Now, for the purpose of extending their patents and developing the engine, a further 250 shares of treasury stock are being offered by the company at par value \$100.00 each. The present intention of the company will be to contract the manufacture of the

Rotary Engine or a royalty basis of horsepower manufacture. The demonstrating engine that has been built is now being set up in their building in Wetaskiwin. Anyone interested in this invention will be welcomed at our office any time during the day, when the inventor, Mr. H. I. Call, will be pleased to explain the principals of the engine.

Applications for stock will be received by Mc Manus Bros. per mail, and allotted in order of receipt when accompanied by certified check or Money order.
